Competitor Guidance- How to Film Your Test

The person videoing must stand behind C, holding your phone landscape (if the video is in portrait you will lose 2 marks) and where possible zooming in at A end of the school.

The judge must be able to see all the movements clearly to mark the test, the judge will not be able to score you if they cannot see the movements. Please ask the person videoing to always keep you in the centre of the screen.

You will need a 20mx 40m arena, either in a menage or on grass. Markers should be placed at each of the letters around the outside of the arena. This can be done by using letter markers or homemade markers such as cones.

Please have sound recording on your video- callers are permitted, but no training or outside assistance is allowed. Do not cut or edit your video. Videos must start before entering the arena & last for a few seconds after the final halt.

The person videoing should confirm the competitor name, horse name & competitor number before entering the arena.

TAKING THE VIDEO

Make sure you are not videoing directly into the sun.

Set the camera to a high quality setting. The better the quality of the video, the better the judge will be able to view the test. Please ensure the video light settings are suitable for the weather conditions. If the video is too dark the judge will not be able to mark your test accurately.

UPLOADING YOUR VIDEO

Ensure your video is labelled with class ,test, rider name & competitor number. Upload your video to You Tube & email barbara1954ward@hotmail.co.uk with the URL link. Make sure the account is set to public or we will not be able to open the link. Once you have created an account, follow the instructions on You Tube to upload your video. Name the video with your name & competitor number.
